STATEMENT OF SUPPORT FOR THE GUARD AND RESERVE

We recognize the National Guard and Reserve as essential to the strength of our nation and the maintenance of world peace. They require and deserve the interest and support of the American business community, as well as every segment of our society.

In the highest American tradition, these Guard and Reserve forces are manned by civilians. Their voluntary service takes them from their homes, their families and their occupations. On weekends, and at other times, they train to prepare themselves to answer their country's call to active service in the United States armed forces.

If these volunteer forces are to continue to serve our nation, a broader public understanding is required of the total force concept of national security--and the essential role of the Guard and Reserve within it.

The Guard and Reserve need the patriotic cooperation of American employers in facilitating the participation of their eligible employees in Guard and Reserve programs, without impediment or penalty.

We therefore join members of the American business community in agreement that:

1. Our employees' job and career opportunities will not be limited or reduced because of their service in the Guard or Reserve;
2. Our employees will be granted leaves of absence for military training in the Guard or Reserve without sacrifice of vacation time; and
3. This agreement and the resultant policies will be made known throughout the organization and announced in publications and through other existing means of communication.

DEPARTMENT OF PUBLIC UTILITIES

CITY OF ORANGEBURG, S. C.

Adopted by Resolution, December 18, 1973

RULES AND REGULATIONS

1. Bills for electric, gas, water, and/or sewer service will be issued monthly by the Department of Public Utilities of the City of Orangeburg hereinafter referred to as the Department, except as specifically stated to the contrary. The Department will make every reasonable effort to see that each patron of the Department receives his bill, but no responsibility will be assumed for non-delivery when same has been mailed at the Post Office. All contracts shall be on a yearly basis except where specifically stated to the contrary.

2. The territory served by the Department is divided into two areas for billing purposes, namely area "A" and area "B". Area "A" bills will be dated on the 1st day of each calendar month, and area "B" bills will be dated on the 16th day of each calendar month. In each instance the bill rendered will cover service for a period of approximately one month prior to billing date except any service cut on 10 days prior to the usual meter reading date will be billed on the appropriate schedule for the service rendered; but in no case less than the minimum, which shall be the scheduled minimum pro-rated for the portion of the month service is rendered.

3. Gross charges for electric, gas, water, and/or sewer service are due and payable at the office of the Department during office hours, on the 11th day of each month in which bill is dated for AREA "A" bills, and on the 26th day of each month in which bill is dated for AREA "B" bills, EXCEPT WHERE SPECIFICALLY STATED TO THE CONTRARY in these rules, regulations, and rates.

4. Gross bills for electric, gas, water, and/or sewer service will be subject to a discount of 10% if paid on or before the 10th day of the month in which the bill is dated for AREA "A" bills, and on or before the 25th day of the month in which the bill is dated for AREA "B" bills. The customer making payment by mail is entitled to discount ONLY when the Post Office cancelled stamp evidences mailing on or before the 10th day of the month in which the bill is dated for AREA "A" bills, and on or before the 25th day of the month in which bill is dated for AREA "B" bills.

5. All services will be metered. Where electric and water meters fail to register, bills shall be arrived at by taking an average of the three most recent months. Where gas meters fail to register, bills shall be arrived at by comparison with the same month of the previous year. When at the request of the customer, or otherwise, electric, gas, and/or water meters have been tested by the Department or any other party approved by the Department and found to be more than 3% fast, previous bills reflecting such inaccuracy will be adjusted accordingly but in no case will the adjustment exceed six months prior billing. If a meter is tested at the customer's request more than once in any six month's period, the customer shall pay a service charge of \$10.00 for such service, but in the event the meter is found to be more than 3% fast, then the customer will have his bill adjusted as stated above and no service charge will be applied.

6. The provisions of paragraph 7 and 8 apply unless payment is made at the office of the Department on or before the last day of the month in which the bill is dated for AREA "A" bills, and on or before the 15th day of the month following the month in which the bill is dated for AREA "B" bills.

7. When bills are not paid on or before the last day of the month in which bill is dated for AREA "A" bills, and on or before the 15th day of the month following the month in which the bill is dated for AREA "B" bills, an extra charge of fifty (\$0.50) cents per bill inside the City Limits and one (\$1.00) dollar per bill outside the City Limits will be added to gross bill and service will be subject to immediate discontinuance. When service is discontinued as noted above, a total service charge of two (\$2.00) dollars per bill inside the City Limits and a total charge of four (\$4.00) dollars per bill outside the City Limits will be added to the gross amount of the bill.

8. When service has been discontinued in accordance with paragraph 7 above, all charges for services to date become immediately due and payable and service will not be reinstated until payment in full has been made, including the extra charges listed in paragraph 7.

9. A deposit equal to two month's probable service will be required from all users of electricity, gas, water, and/or sewer; provided, that the owner of any premises served with electricity, gas, water, and/or sewer will be exempted from such deposits if the owner signs the contract governing the premises to be served; provided further, that in the event that the owner rents the said premises to a tenant, the tenant will be required to make a deposit unless the owner, by guaranteeing the contract, assumes all obligations in regard to service rendered said premises, and in the event that the tenant fails to pay bills for service rendered, the owner agrees to pay the same, and until said bills are paid in full, no further or future service will be furnished the said premises.

10. The electric, gas, water, and/or sewer service to be delivered hereunder to the customer is to be delivered for the purpose of its being used by the customer for operating his machinery, apparatus and appliances in and upon the customer's plant and/or premises hereinbefore mentioned, and for those purposes only, and the customer shall not use and hereby agrees not to use or apply or permit to be used or applied any said services at any place or in any manner or for any purpose, other than as provided for in this contract, and said customer shall not have the right and hereby agrees not to transfer or assign this contract, nor to sell or dispose of to others, the whole or any part of the said services delivered hereunder.

11. The Department agrees to exercise due care and caution in the erection, excavation, installing, etc. of service wires, poles, pipes and other pertinent equipment on the customer's premises.
